

THE MUSIC KLUB
CREATIVE DEVELOPMENT

The Music Klub offers a premier engaging experience in the creative arts, enabling children and young people to adopt techniques that address collaborative concepts, which provoke a positive output. The focus of the scheme is to create groundbreaking content tailored to raise awareness in conjunction with art-driven concepts used to produce a range of products, which can feasibly be measured against commercial output.

The Music Klub provides a unique platform for children and young people to engage in a range of creative media designed to enhance learning and improve their skills. We provide positive experiences that create opportunity and expose young people to effective practices that enhance their life.

Founded in September 2009 with an aim of helping children and young people to:

- Increase confidence
- Improve communication.
- Improve ICT skills.
- Boost self-esteem.
- Improve critical analysis and evaluation skills
- Increase classroom performance.

We also deliver first class workshops, short courses and bespoke packages that build character, integrity, self-esteem, and confidence. Our practice is dedicated to fusing traditional learning styles with creative practices that increase the performance and well being of young people from all backgrounds.

Our services include: -
